rpoots@praesumatenaum.com

Working alongside the Specialist Security Trainer Robert has produced a **unique product** in the form of an accredited matrices of structured personal development pathways for the security Sector including specialist security, from those entering the sector to Operational and Strategic level public and private sector learners. These pathways are built on a considerable number of Northern Ireland historically tested specialist **academic and practice programmes / Qualifications** not available elsewhere or world-wide at this time. The Groups development based on a series of pre-planned business case phases has built a reputation of professionalism to create and deliver a Globally unique product to University Standard.

Individual Companies

Diversitec Ltd –

2002 – present
rpoots@diversitec.co.uk
Tel: +442892 693622
Mob: +44 7889 583498

<http://www.Diversitec.co.uk>

Robert supported by his wife Sylvia founded Diversitec Ltd. in September 2002 to assist farmers and rural businesses and communities diversify their current business streams through 6 core company principles;

Planning

Diversification

Concept Design

Funding

Facilitation Management

Renewable Energy

In 2002 Diversitec instigated the regeneration of the Maze “Stadium and rural centre of excellence” concept and master plan which became a key component in the Northern Ireland Peace process which culminated in the Good Friday agreement. In recompense and acknowledgement of the work in the Peace Process Robert was supported through introductions facilitated by the President of Ireland, Mary McAleese, the American ambassador to Ireland James Case Kenny and representatives of Westminster, which enabled Diversitec Ltd. in 2008 to diversify and built a network of contacts and associates in the Middle East, China, and Eastern Europe. This strategic network enables Diversitec to deliver customised business engineered solutions to clients through bespoke inter-governmental, public, private partnerships funded through cross-sector collateralisation and global policy initiatives.

Key achievements include:

- Planning for renewable energy projects and residential and commercial developments.
- Finance and strategic modelling and product development for start-up company - Agri-food sector.
- Finance modelling and strategic development in the renewable energy sector
- Concept design, business planning and stakeholder introduction for key Gateway development – £130 million project.
- Mandated facilitator and project modelling for a Chinese Technology company
- Finance and strategic modelling for Chinese International Development Company.
- Facilitator and business development modelling for introduction of a UK company into Middle East.
- Noted Concept design for the former Maze Prison site - £500 million trans-national strategic development project.
- Facilitator in the Northern Ireland peace process.

T.W.R Poots and S.A. Poots & Partners
T. A. Poots & Partners

Partner **2002 - present**
Managing Partner **1976 – 2002**

The Family Homestead and Agricultural business since the seventeenth century was successfully managed by Robert, his wife and family from 1976 .It was extensively developed and expanded by 525% to the present day agricultural operation consisting of 400 acres farmed of which Robert owns a holding of 220 acres and leases 180 acres with 500+ head of cattle which has now been modelled for the transition of succession to the next generation through a strategic diversification policy.

Key achievements include:

- Managed the business through the establishment of the EEC Common Agricultural Policy.
- Competitively bid, designed, project managed and constructed the development of the Agricultural business through a complex Public Private Financed Development plan in partnership with the European Union.
- Competitively defended the expansion [future proofed] during introduction of Quotas by the European Union
- Successfully expanded the business through Mergers and Acquisitions.
- Modelled and managed the farm diversification and succession transition to T.W.R Poots and S.A Poots and Partners.

Founder and Chairman

Laganside Rural Development Ltd [LRDL] -

2002 - 2015

LRDL was founded by its chairman Robert Poots in January 2002 to source, model and administer funding to assist the strategic sustainability of Farmers and the Rural Community in the Lisburn City area. It was successfully expanded to facilitate Antrim, Newtownabbey, Carrickfergus, Craigavon, and Armagh council rural areas in Northern Ireland. LRDL successfully won and administered funding and training to the rural population fast tracking them to enable training for computer literacy and business administration in the fast-moving EU market place. On completion of its objective LRDL entered its exit strategy and became an historic records data base as required under European Funding regulations until 2014 which saw the completion of this phase and the closing of the company. The extensive success of the company identified by the local government was demonstrated through the rolling out across all council areas in Northern Ireland of "local Action groups" modelled on the LRDL structure to administer future EU Leader funding

Key achievements include:

- Successfully negotiated with Lisburn City Council [LCC] to mandate LRDL to manage the rural area of Lisburn.
- Successfully negotiated with Lisburn City Council to financially support LRDL for 5 years through investing £250,000 core funding for the period.
- LRDL established, staffed and compliant with all UK and EU governance requirements.
- Development of the Rural Strategy for Lisburn, Newtownabbey, Antrim and Carrickfergus.
- Strategic development and financial modelling of targeted rural programmes.
- Competitively bid, secured, and managed £2.01 million rural diversification funding in Lisburn, Antrim, Newtownabbey and Carrickfergus.
- Competitively bid, secured, and managed £662,000 rural diversification funding in Armagh and Craigavon
- Return on investment for the five years period was >400% return on LCC investment
- Inward investment each year for five years [200% EU funded aid and 200% private investment]
- Developed the Maze stadium and rural center of excellence concept & community initiative.
- Transformation of LRDL to an historic records data base.
- Northern Ireland Local Action Groups modelled on LRDL

Elected and Mandated Executive Positions

Founding Member

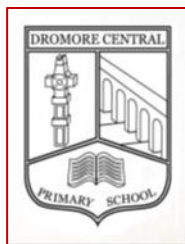

Renewable Energy research group N.Ireland

2006 – 2015

Founded in 2006 through collaboration between Invest Northern Ireland Ltd. [INI], Queen University of Belfast [QUB] and strategic partners in the private sector to research and develop a regional strategy for this new emerging sector in Northern Ireland. **£25 million** research strategy identified in "The Northern Ireland Research action plan 2020" accepted and supported by the local government

Governor
Dromore Primary school

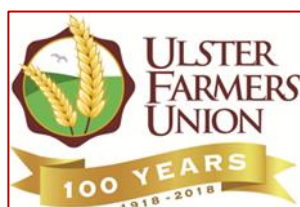

1997 – 2010

<http://www.dromorecentral.co.uk>

Established in 1938, Dromore Primary School is the local primary school for the education of children from 4 to 11 years of age and comprising **600 pupils, 33 teaching staff and 50 ancillary staff**. The Governors are ultimately responsible for the overall management of the school which has an annual budget of **£1,800,000** and a school fund account of **£7,625,000**. A new school has been in development since 2000 and has been politically agreed, site purchased, planning passed, modelled, on site under construction in 2015 and opened in September 2016 with a student increase to 700 pupils. The new buildings were officially opened by Her Royal Highness the Duchess of Cornwall on 11 May 2017.

Ulster Farmers Union [UFU]
Elected positions held.

1978 – present

<http://www.ufuni.org>

Founded in 1918, the Ulster Farmers' Union (UFU) is the **largest** democratic voluntary Organisation representing farmers and growers in Northern Ireland. Its central objective is to promote their interests both at home and abroad through professional lobbying. At scripting this document, the UFU has over **11,500 members** who are supported by 25 regional offices and the headquarters building in Belfast.

How the Organisation works: - the UFU grass roots members discuss policy issues at their 25 local Group meetings which are examined at the 6 County meetings. These are then examined in detail at the Unions Central Committees, before policies are ratified at the UFU's monthly Executive Committee meeting. Executive management decisions are taken by the UFU council.

UFU member	1978 – present
Chairman of the Lagan Group of UFU	2001 – 2003
County Down Chairman of UFU.	2003 – 2004
Member of Council for the UFU	2001 – 2009

Vice-Chairman of Rural Development Central Policy Committee	2003 – 2009
Environment and Renewable Energy Central Policy committee	2005 – 2009
Rural Enterprise Central Policy committee	2005 – 2009

**Northern Ireland Representative
European Academy of Architecture
Department of European Development**

**2003 – 2008
Prague 6
Czech Republic**

European Centre for Architecture, Information and Communication Technologies

ECAICT

<http://www.euroarch.cz>

The European Academy of Architecture was established in the beginning of the 21st century to build a world open architecture society on the wings of the internet with several platforms or centres each with specifically focused departments containing nominated professional or academic representatives of each country and region within the European Union.

The Information Technologies are not only a new instrument of architectural or urban design but a new philosophy of thinking for the virtual dreams of modern architecture and urban theory, philosophy and planning realizations. This in the digital age of the Third Millennium started a new tradition in the field of architecture and urban development, the tradition of architecture information, culture and educational knowledge transfer for everybody.

<http://www.euroarch.cz/spmit2004.htm>

**Director
Lisburn Strategy Partnership**

Lisburn Strategy Partnership

2001 – 2006

Lisburn Strategy Partnership [Lisburn Peace and Reconciliation Partnership] was one of 32 Strategic Boards established in Northern Ireland as a cross community, cross sectorial board to deliver distinctive European Union Structural Funds Programmes aimed at reinforcing progress towards a peaceful and stable society and to aid peace and reconciliation and participated fully in:-

- Peace I initiative- EU Special Support Programme for Peace & Reconciliation (1995-1999)
...total initiative funding **€500 million [+ €167million national contribution]**
- The Belfast/Good Friday agreement [April 1998].

Founding Director
Comet Shadow Partnership

The COMET Partnership

2002 – 2005

<http://www.belfastcity.gov.uk/business/internationalrelations/europeanaffairs/comet.aspx>

Comet Shadow Partnership (Councils of the Metropolitan Area) was established in 2002 as a vehicle for collaboration on a range of policy, social, economic, and environmental issues between the six local authorities within the Greater Metropolitan area of Northern Ireland, namely Belfast, Carrickfergus, Castlereagh, Lisburn, Newtownabbey and North Down who all previously failed to secure Interreg recognition and funding.

The COMET region covers an area of approximately **960 sq. kms, a population of 646,550** (according to the 2001 census), **38% of Northern Ireland's total population**. Primarily the focus for collaboration to date has been in respect to local and regional economic development opportunities funded through European Interreg iiiA and ivA competitively bid programmes. The current phase of the programme, which runs from 2007-2014, is called the INTERREG IVA Programme. This covers Northern Ireland, the border region of Northern Ireland and the Republic of Ireland and western Scotland. It has a total **competitively accessed** regional budget of **€258 million** with its objective to support strategic cross-border co-operation for a more prosperous and sustainable region. The Shadow Partnership **successfully lobbied** and won recognition as the areas representative Interreg board and gained full access to the Northern Ireland regional funding on 05 April 2005.
